

RadioFairs

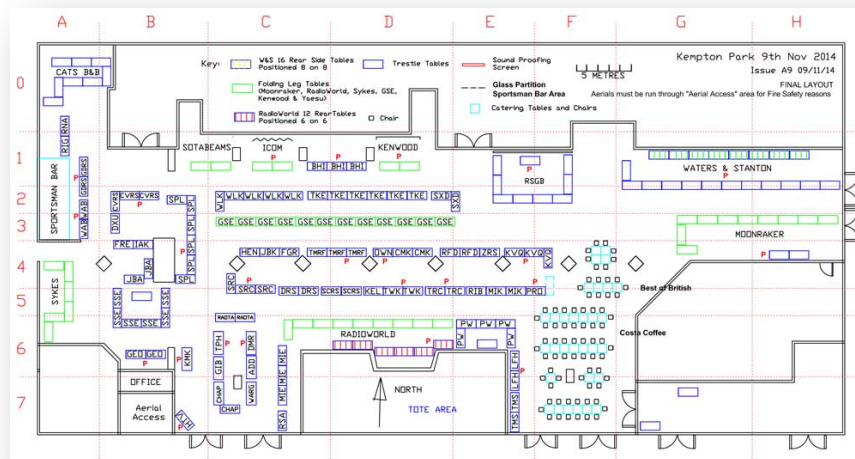

Date: 19th April 2015

Location: Kempton Park Race Course, Sunbury on Thames, TW16 5AQ

The 'Kempton rally', more formally known as the West London Radio and Electronics Fair, is one of the largest rallies in the country, possibly even the largest now. It occurs twice a year: In the Spring and Autumn at the Kempton Park race course.

The rally is well attended by all major traders and is always busy. The RSGB has a large stand, as do the manufacturers such as Icom and Kenwood.

Below is a floor plan identifying the location of major traders but there are many

others – see the website for details.

Further information about the museum is available on the Internet at:

<http://www.radiofairs.co.uk>

Transport: Via members motor vehicles with those travelling in each vehicle contributing toward the travel costs for that vehicle. So make sure your wish to go is known to those driving and check the clubs HQ notice board to keep up to date with the latest arrangements.
